As an author, speaker, small business coach and accountability specialist, I have had the honor to work with many wonderful organizations and individuals.

Having worked in the financial industry from college until the age of 39, I was super bored. I loved helping people work on their business, but that wasn't the scope of my employment. I was asked to produce a wedding for our corporate attorney, and I LOVED it and left the CPA world behind. I went on to help 100's of creatives build their business while actively producing over 800 events in 25 years.

After founding a national wedding professionals organization, I came to be asked to speak at wedding related conferences, small business events and other groups.

Perhaps your organization, company or non-profit needs a speaker in 2020. Reach out to me and let's chat!

"Chérie has great energy on the stage as her personality draws everyone in. Her fun, but serious topics and sharing style keep the audience on their toes, and asking for more. I have seen her as a Keynote speaker, and a lunch group of 10 - and she delivers to all."

Dawn Hartwell, COO
Hart to Hart Investigations

"Chérie has been a return Keynote Speaker for several of DWHSA's annual conferences. Her topics always offer valuable information that anyone can apply to their business. She makes learning fun with her approachable style and sense of humor."

Lisa Sheldon,
President - DWHSA
Destination Weddings &
Honeymoon Specialists Assn.

Speaking topics:

"Networking Like a Pro! Your 7 words to success." Let me share with you how to take the fear out of networking!

"To be successful, you need a plan." Learn how to design a simple 1 page business plan to get you going on the road to success.

"Accountability - it's what you need." Learn to eliminate procrastination, and fear of failure as we communicate regularly so that I can keep you on track to reach your goals.
